**Recommendation**

Staff respectfully requests the City Council conduct Operating and Capital Budget Study Sessions that will allow for budgetary review, discussion, as well as consideration of public input. Budget sessions are scheduled for Wednesday, May 25<sup>th</sup>, Thursday, May 26<sup>th</sup> and Friday, May 27<sup>th</sup>, 2022.

**Background**

The Finance Department has recently presented to Council detailed mid-year budgetary information and will be presenting information for proposed budget for FY 22-23. The budget study sessions allow for a detailed review of capital improvement projects and allow for recommendations to department directors relating to budgetary expenses, timeline and/or prioritization of projects. Following the study sessions, staff will agendize another review of final budget schedules and provide any updates to Councils requests and/or direction during sessions. The preparation of the budget is initiated by the Finance Department requesting information from all City departments. Department Directors prepare a request and finance schedules a series of inter-departmental meetings to review the proposed requests as well as examine and compare against prior year actuals. This process allows for necessary adjustments based on special projects, funding sources, strategic analysis, and either concur with requests or address specific departmental challenges for the upcoming fiscal year. During the sessions staff will be presenting operating and capital budgets for general and enterprise funds.

The departmental budget information is tentatively scheduled in the following order, however if time does not allow for complete review, per Councils direction some items may carry over to the following day.

- Electric
- Administration
- Planning
- Transit

**Thursday, May 26<sup>th</sup>, 2022**

**Friday, May 27<sup>th</sup>, 2022**

**Fiscal Impact**

Budget Study Sessions provide budgetary information by staff to the City Council and the public. The impact is merely staff time to prepare and organize the information. The proposed budgets reflect all projected revenues, appropriations, and may change based on findings and recommendations after sessions. Following the study sessions, the budget will be revised as recommended and presented at a future Council meeting for consideration, approval, and adoption.
