

CITY OF GRIDLEY

685 Kentucky St.
Gridley, CA 95948

Environmental Questionnaire

The following information is requested to expedite the environmental review process necessary to process your permit request. Please complete thoroughly and attach reference materials as appropriate. Feel free to ask a staff Planner if you have any questions; omissions and errors could delay your project.

Project Information		
Describe the proposed project		
Is grading proposed with the project? If yes, for what purpose and approximately how many cubic yards?		
Will the project include outdoor lighting? (Include type and location)		
Estimate the approximate square footage of proposed impervious surfaces, including building area, concrete, paving and other hardscape features.		
List the requested City permits and other public agency approvals required for this project, including County, State and Federal agencies. Please be aware that omissions may delay environmental review.

Project History

Have any previous environmental studies or documents been prepared for the project site? If yes, please describe.

Was this project heard by the Development Review Committee? When?

Existing Conditions

Describe the existing and historic use of the site

Provide a concise statement describing the current environmental setting of the project site

Are there residents/tenants who will need to be relocated as a result of the proposed project?

Site Features

Is the project located near any of the following: schools, churches, day care facilities, health care facilities, streams, parks, nature preserves, or undeveloped natural land? Please describe:

Does the site contain trees over 6" in diameter or native vegetation? Would the project remove these features?

Are any endangered, threatened, rare or sensitive species suspected of existing on site? Describe:

Have any known historical, archaeological, or paleontological resources been identified on site?

Water Features

Will a new storm drainage outfall, or improvements to the existing storm drainage outfall, be necessary?

Does the project site include any surface water features including creeks, tributary channels or areas of ponding water in the wet season? Describe:

Toxins and Hazardous Substances
Is there a history of contaminated soil or groundwater associated with this site?
Are any underground storage tanks or other subsurface structures located on site (not including utilities)?
Will the project involve the use or disposal of potentially hazardous materials including flammable, explosive, or toxic substances?

Other Pertinent Information
Please describe any other characteristics or effects of the project that may be of environmental consequence.

Required Signatures
I hereby certify that the information provided above is true and correct to the best of my knowledge and belief.
